## CERTIFICATE

TO WHOM SO EVER IT MAY CONCERN

This is to certify that the following students of Bachelor of Science in Information Technology Semester-VI have completed their full time project work titled “**DoctorFinder**” satisfactorily.

Name	Exam No
Nair Dheeraj Venugopal	16082231027

**Internal Guide**  
Mr. Narendra Patel

**Project Co-ordinator**  
Dr. Hiral R. Patel

**Principal/HOD**  
Dr. Satyen M. Parikh

## **ACKNOWLEDGEMENT**

The success and final outcome of this project required a lot of guidance and assistance from many people and I am extremely privileged to have got this all along the completion of my project. All that I have done is only due to such supervision and assistance and I would not forget to thank them.

I respect and thank Mr Sunit sir for providing me an opportunity to do the project work in "Acute Software" and giving me all support and guidance which made me complete the project duly. I am extremely thankful to him for providing such a nice support and guidance, although he had busy schedule.

I heartily thank and owe my deep gratitude to my internal project guide Mr. Narendra Patel sir, who took keen interest on my project work and guided me all along, till the completion of my project work by providing all the necessary information for developing a good system.

I would not forget to remember Mr Jigar Thakkar sir and Mr Rahul sir, of TOPS Technologies for their encouragement and more over for their timely support and guidance till the completion of my project work.

I am thankful to and fortunate enough to get constant encouragement, support and guidance from all Teaching staffs of Department of Computer Science (dcs) which helped me in successfully completing my project work.

## **ABSTRACT**

Life is becoming too busy to get medical appointments in person and to maintain a proper health care. In today's world if someone wants to book a Doctor's Appointment we need to call in clinic or personally go to that place and book the appointment.

DoctorFinder System is an application that provides services to the Doctors and Patients. The DoctorFinder system connects between Doctor and Patients using web and patients are able to search a Doctor and ask for his/her appointment as well as for prescription using their Smartphone.

This application shows the Doctors the previous history of a particular patient and can prescribe on basis of the history of patient. The main objective of this research is connecting doctor and patient very quickly and easily from any location without any involvement of any third party

Any doctor and patient can easily use this application by registering themselves, and doctor can prescribe the patient based on disease using listed medicine and number of days etc.

This system also notifies the Doctor and patient through notifications and mail about the request of appointment .

## CONTENTS FOR PROJECT REPORT

Sr. No	Title	Page No
1	Project Profile 1.1 Project Title 1.2 Objective	1
2	Requirement specification 2.1 About Existing System 2.2 Need for new system/ Features of the new system	2 3
3	Minimum Hardware & Software Requirement 3.1 Client Side Hardware / Software Requirement 3.2 Server Side Hardware / Software Requirement	4 5
4	Function Specification 4.1 User of the System 4.2 Modules of the System	6
5	System Flow Chart	7
6	ER Diagram	8
7	Data Flow Diagram [DFD]	9
8	Data Dictionary	13
9	Process Description (Module wise)	19
10	Input/ Output Design (Screen Layouts with title and brief description on each screen shot)	20
11	Testing (Design test cases of validations in tabular form)	40
12	Future Enhancement	45
13	Conclusion	46
14	Bibliography / References	47

## Guidelines for Preparing Project Report (Thesis)

- ✓ Fonts should remain constant “**times new roman**”, size **12**, throughout the report.
- ✓ However titles and subtitles can have different size.
- ✓ Set proper margins.

### **PHYSICAL (LAYOUT) DETAILS:**

Paper size: A4  
Margins: Left – 1.5”, Right – 1”, Top – 1”, Bottom – 0.5”  
Page No: At the center of the page bottom (footer); format: – m –  
Font: Times New Roman  
Chapter headings: 14” Bold, Upper case  
Main headings: 12” Bold & Underlined, Upper case  
Sub headings: 12” Bold, Title case  
Sub-sub headings: 12” Bold & Italics, Title case  
Table, Fig. Nos: 12” Italics, Title case

### **Format for bibliography/References:**

Web links

Books: Edition, “Title”, Author, Publisher / publication,

### **Note:**

Some of the topics may not be applicable to some of the projects in that case you can ignore some content or you can add as per the requirement and guidance of your project guide.
